

I am unalterably opposed to any effort by any government agency to control the freedom of the First Ammendment to the US Constitution. Satelllite radio services, such as XM and Sirius, provide valuable services to the listening public. I, for one, enjoy the entertainment and information my satellite service provides and do not want it limited or curtailed in any way. The NAB does not, cannot, and will not dictate what I listen to on the radio.
Sincerely,

Roger V. Boots
